

Traffic, Transport & Access

Roads

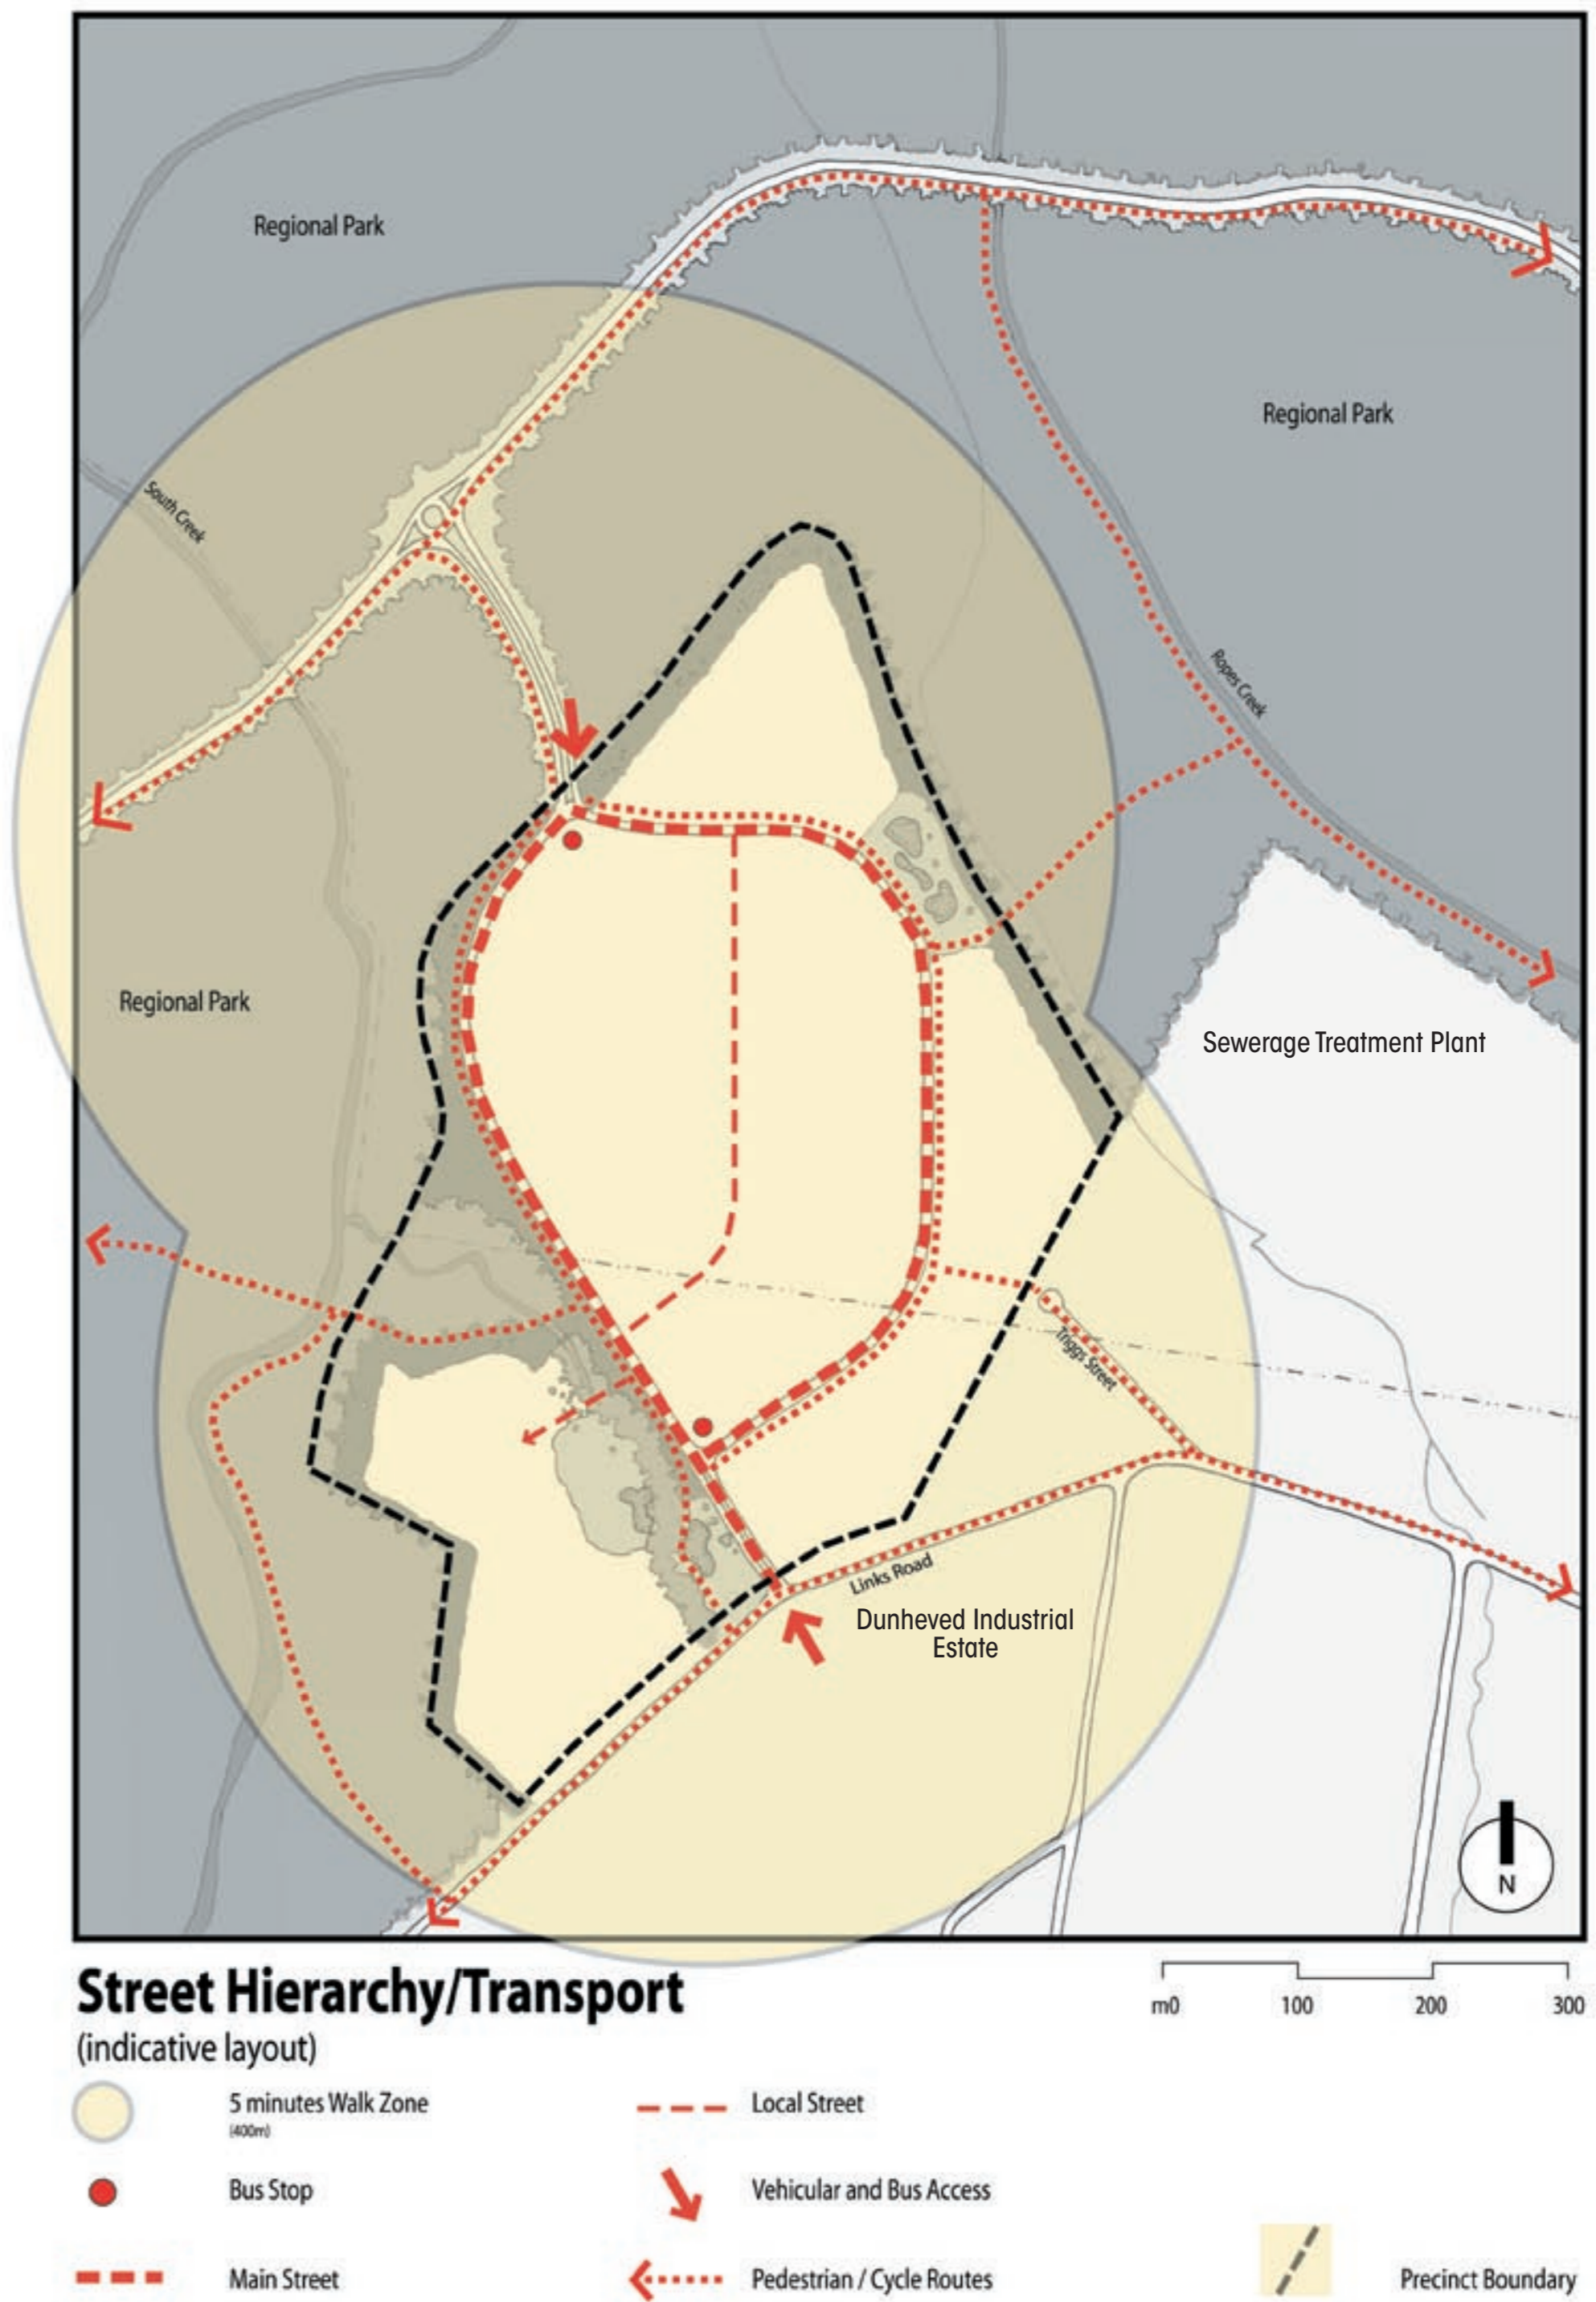

- Road access will be from both the north and south of the site, providing transport links to existing and future employment, retail and residential areas
- An assessment of external road infrastructure is being undertaken in consultation with the Councils and relevant authorities

Pedestrian and cycleways

- Walking and cycling within the Dunheved Employment Precinct, Regional Park (subject to Regional Park Plan of Management) and open space system will be encouraged
- Amenities to service the new employment centre, such as a local convenience store, will be located within a short walk of businesses
- New cycleways will be provided in and around the site

Public transport

- The transport planning for the Dunheved Employment Precinct supports the creation of effective public transport links to St Marys and Mt Druitt railway stations
- Bus stops within the Dunheved Employment Precinct will be located within a short walk of businesses

*The Dunheved Employment Precinct transport goals promote walking and cycling, safe and convenient traffic movement and access to services*
